Your first step toward recovery

Welcome to Metamorphosis Private Medical Detox, part of Metamorphosis Centre for Change. Our Delhi facility offers medically supervised inpatient detox with 24-hour nursing care and an on-call physician.

Our approach centres on individual needs, comfort and dignity. Admission begins with an assessment to determine whether our setting is appropriate and to discuss a plan for your care.

What to expect

A conversation with admissions

Discuss your questions, room preferences, fees and next steps.

An individual assessment

Share relevant information about substance use, medications and health history with the care team.

Medical supervision and support

Your care team will discuss monitoring and treatment based on your assessed needs.

Planning what comes next

Discuss suitable options for ongoing support after detox, including residential inpatient or virtual treatment where appropriate.

Your accommodation

Private rooms accommodate one person; semi-private rooms accommodate two. Room assignment and availability are confirmed with admissions.

Medical detox pricing

Five-day minimum stay. Pricing below follows the supplied 2026 program package. All amounts are in Canadian dollars.

Accommodation	5-day minimum	Additional day
Semi-private (2 people)	\$6,000	\$1,200
Private (1 person)	\$7,500	\$1,500

Included in your detox fee

Medical intake, accommodation, meals, nursing care, physician consultations and detox comfort medications.

Not included

Other medications outside the detox medication plan.

Optional services - additional charges

Optional registered massage therapy and Reiki are available through third-party providers if you feel well enough. Each service carries an additional fee. Ask admissions about fees and availability.

Continuing care after detox

Ask admissions about residential inpatient or virtual treatment after detox, the separate pricing package, and how detox fees apply.
